TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Temple in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Temple on Tuesday, the 10th day of March, next, at ten o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make appropriations for the same.
3. To see what sum of money the Town will vote to raise and appropriate for the maintenance of highways and bridges.
4. To see what sum of money the Town will vote to raise and appropriate for snow removal.
5. To see what sum of money the Town will vote to raise and appropriate for oiling roads.
6. To see if the Town will vote to accept State Aid for the improvement of Class V roads and raise and appropriate the sum of \$636.54 and the state will contribute \$4,243.62.
7. To see what sum of money the Town will vote to raise and appropriate for the purchase of calcium chloride or dust layer.
8. To see what sum of money the Town will vote to raise and appropriate for Memorial Day, said sum to be handled under the auspices of the Legion or a Temple Veteran's Organization.
9. To see what sum of money the Town will vote to raise and appropriate for the support of the Temple Volunteer Fire Department, said sum to be turned over to the Treasurer of the Department.
10. To see what sum of money the Town will vote to raise and appropriate for the support of the Library.

11. To see what sum of money the Town will vote to raise and appropriate for Old Age Assistance.

12. To see what action the Town wishes to take in regard to the games of Beano in said Town.

13. To see if the Town will vote to raise and appropriate the sum of \$70.00 (1/100 of 1% of the valuation of the town) to the Monadnock Region Association of Southwestern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and national advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

14. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of Taxes not exceeding the sum of \$20,000.00.

15. To see what sum of money the Town will vote to raise and appropriate for the local Civil Defense Organization.

16. To see if the Town will vote to raise \$25.00 to be expended in cooperation with the New Hampshire Forestry and Recreation Commission for the opening and maintaining of trails and old roads for forest fire protection. The New Hampshire Forestry and Recreation Commission to provide a matching sum not in excess of \$25.00 for this purpose.

17. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purchase and installation of a fire alarm system, and the State Civil Defense will contribute \$500.00.

18. To see if the Town will vote to raise and appropriate the sum of \$200.00 for the salary and expenses of the chief of police.

19. To see if the Town will vote to accept the gift of \$50.00 from (Clarence) Howard A. Cragin and to take any action relating thereto.

20. To see if the Town will vote to accept \$5.00 from the Bicentennial Committee, said sum to be turned over to the Trustees of Trust Funds to assure the opening of the time capsule in the year 2008.

21. To see if the Town will vote to give free use of the Town Hall to local organizations providing they do their own janitor work.

22. To see if the Town will vote to raise and appropriate the sum of \$200.00 to close off the Town Hall Balcony and partition off a small room at one end for storage of town records.

23. To see if the Town will vote to accept the sum of \$23.52 from the Bicentennial Committee to be known as the Bicentennial Scholarship Fund or take any action relating thereto.

24. To see what action the Town wishes to take in regard to the hour of holding the annual town meetings.

25. To see what sum of money the Town will vote to raise and appropriate for painting the town hall roof or take any action relating thereto.

26. To transact any further business which may legally come before the meeting.

Given under our hands and seal this 17th day of February in the year of our Lord nineteen hundred fifty-nine.

HAROLD N. KULLGREN

REPORT OF TEMPLE VOLUNTEER FIRE DEPARTMENT

Calls answered during 1958:

20 July chimney fire, W. Quinn

11 Oct. fire at town dump

18 Oct. brooder house, W. Mazza

During the past year, your fire department has purchased six helmets and six pairs of boots for the safety and protection of the individual fire-fighter. We have also purchased, through Civil Defense, several pieces of surplus property. This includes a desk, a typewriter and a filing cabinet that will be used jointly with the Civil Defense set-up in town. We have also made application for another truck and other fire-fighting equipment. These and other types of surplus property can be acquired at a great saving to the town.

New property can be purchased through Civil Defense with "matching-funds," the town having to pay just one-half the purchase price. At present there are two items under consideration, a portable generator and an alarm system for the town.

Respectfully submitted,

ALBERT A. QUINN,
Fire Dept. Chief and
Director of Civil Defense

You Can Help Prevent Forest Fires

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200.00) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.
Save yourself much possible difficulty. Use your town dump.

Number of local fires, 0; Number of acres burned, 0; Number of permits issued, 31.

WINTHROP HANNAFORD
District Fire Chief

MERVIN WILLARD
Forest Fire Warden

LIBRARIAN'S REPORT

This year the library has acquired 99 books, 27 of these being gift books. Also the yearly program to ask for donations from the organizations in town has contributed \$8.00 towards the new books. Town organizations donating this year were; the Legion Auxiliary, both Ladies Aid groups, and Miller Grange.

I am very pleased to have an increase in our circulation. The complete circulation was 2,626 books. Adult books circulated 393 Non Fiction, 422 Fiction, and Juveniles 303 Non Fiction, and 1,608 Fiction. The Bookmobile continues to serve us with the best choice in new and varied books every eight weeks. Also, requests to the State Library fill a need for special books. Our record collection has circulated 15 albums during the year, which is an increase over last year's number of 7.

In the library there has been a new book stack added for the youngest children's books. It has adjustable shelves for better arrangement of the large picture books, and extra shelf space for expansion. For convenient return of books, the new book drop is an especial benefit for all.

Our library held a neighborhood meeting in October. This was conducted by Miss Margery Stroud, the State Library consultant, and Mr. Charles D. Maurer, Jr., the Bookmobile man. The program was on library finance, with a wonderful display of new books for adults and juveniles. Lunch was served by the trustees and the assistant librarian, Miss Elizabeth Anderson.

The Temple Grammar School has made book jackets for a project, and they are now on display at the library.

I wish to express my appreciation again for the fine cooperation extended to me during the year.

Respectfully submitted,

MADELYN L. QUINN,
Librarian

School Warrant

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Temple qualified to vote in district affairs:

You are hereby notified to meet at the Temple Public School in said district on the fifth day of March 1959, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will instruct the School Board to enter into a contract for the education of High School students or take any action relating thereto.

10. To see if the district will vote to raise and appropriate a sum of money to provide storm windows for the north side of the Primary Room, and a storm door for said room, or take any action relating thereto.

11. To transact any other business that may legally come before the meeting.

Given under our hands at said Temple this 10th day of February, 1959.

2nd Prize	Jay Hadley	Grade 5
3rd Prize	Thomas Mazza	Grade 3

Superintendent's Report

To the School Board and Citizens of Temple:

I respectfully submit my second annual report as your Superintendent of Schools.

Staff

We were very fortunate in starting the school year with the same staff of teachers that have been in our school for several years. Miss Helen Stone continues as Principal and teacher of grades six to eight, Mrs. Alice Hammond continues teaching grades four and five and Mrs. Lucy Carter started the year teaching grades one through three. Miss Ethelyn Edwards continued as Music Supervisor, Miss Sybil Beatham as School Nurse, Dr. Claire Cayward as School Doctor and Mrs. Anne Clement assumed new duties as School Lunch Manager. Shortly after the school year started, however, Mrs. Carter became ill and had to give up her teaching position. Mrs. Kenneth A. Sargent of Lyndeborough, New Hampshire was hired as a substitute and continued to fill the vacancy until the Christmas vacation, assisted on a few occasions by Mrs. Alice Dow of Greenville. Mrs. Dow continued to teach in grades one through three during the first few weeks of the present year until such time as a full-time replacement could be found. Just recently Miss Rose Nieviedgal of Grovesnordale, Connecticut, who has had many years of teaching experience in rural schools and comes to us very well recommended, was hired to permanently fill the vacancy left by Mrs. Carter.

Instruction

In spite of the change in teaching personnel in the primary room, the children have not suffered markedly due to the changing of personnel. A conscientious effort has been made during the first half of this year to maintain continuity of instruction from teacher to teacher and it is felt that the children will make progress comparable to that which they would have made under normal circumstances.

The quality and level of instruction provided children at the Temple School is continuing to be outstanding, under the able leadership of Miss Stone. Fundamentals of education are being very effectively taught and each passing year indicates the quality of instruction provided. Children that leave the Temple School to attend High School at one of three neighboring institutions all perform work at the High School level comparable to the work accomplished in Temple School or even work at a higher level. This indicates that children are being adequately trained even though actually the school has some obvious limitations as to breadth of curriculum at the seventh and eighth grade levels.

One way of perhaps expanding the curriculum and making it richer, especially for the bright youngster, is through a medium which is gaining in popularity. Reference is made to educational television. Three towns within Supervisory Union No. 63 are presently utilizing the educational offerings of this comparatively new medium and apparently achieving considerable success. The Boston educational outlet at this date provides four classes of instruction each week. In the late spring or fall of this year, an educational outlet at Durham, New Hampshire hopes to be in operation to provide additional programs.

Educational television is very much like an educational film. The prime difference being that an educational film can be shown at any time within a period of a week, whereas an educational television presentation must be utilized at the time that it is presented. As far as costs are concerned, once the initial investment is made in the electronic equipment the cost is comparatively negligible. The television presentation makes it possible for children to come under the influence of outstanding teachers in the areas being taught. In addition to this, teachers making presentations on television have at their disposal innumerable aids and properties which would not be available to an ordinary classroom teacher. In the area of Science—demonstrations and experiments can be witnessed which would be practically impossible in a small school situation. In such experiments the presentation on television can be better seen by pupils than if the demonstration was actually made within the confines of the classroom. There can be little doubt that within the next few years television sets for educational purposes will be a part of every school, and the curriculum offerings of the school will be supplemented by the excellent presentations of this medium. This is an area which should receive the thoughtful consideration of each and every citizen of Temple who is interested in the education of children.

Building and Grounds

Careful attention is being given by the School Board to the proper maintenance and upkeep of our School. The Board is also determined to provide classrooms and a building that create a pleasant atmosphere for children to work in. Again note should be made of the excellent job of custodial work being performed by the children of our School under the supervision of Miss Stone. A strong sense of responsibility and respect for the physical condition of the School is being developed by the children, a quality not being generally developed in children today. This service saves the district expense while developing worthwhile qualities in the children.

The condition of the road entrance which was referred to in the last report still exists and at certain times of the year still constitutes a considerable hazard to people coming to our school plant. It seems that at some time in the near future definite action should be taken to improve the condition of this entrance-way to our School.

During the past school year considerable difficulty was experienced and much expense was incurred, due to the poor condition of the furnace. The Board considering factors of maintenance and inconvenience approved the installation of a new burner. This action has eliminated a constant source of irritation, inconvenience and discomfort for the past several years.

During the past summer some re-grading on the entrance at the side of the building was done tending to make water flow away from the building rather than toward the building and much of the difficulty of water in the basement, which had been previously experienced, has been eliminated. However, in times of extremely heavy rain this condition continues to exist to some slight extent. As a result of this re-grading, however, it has been discovered that perhaps too much fill was removed from certain areas adjacent to the building allowing the cold to penetrate water pipes and causing some freezing during a recent cold snap.

Since the addition of the new primary room to our School plant, on occasions of cold and windy weather, great difficulty has been experienced in maintaining the room at a workable temperature. To rectify this situation the School Board is providing an article in the Warrant to cover the costs of installing storm windows for the north exposure and a storm door for the west exposure, of this primary room. It is hoped that if such an installation is made it will not be necessary in severe weather to require the primary grades to go down into the girls' basement area to hold classes.

Special Articles

The School District is being given the opportunity of making a decision relative to the procedures for obtaining secondary education for the children of Temple. Within the School District Report will be found a report of the School Board relative to this matter. The following is submitted to briefly outline this general subject from perhaps a slightly different point of view:

The trustees of Appleton Academy have offered to provide instruction for all of the children presently attending the Academy plus all of those who are presently in the eighth grade of Temple School at a flat fee of \$5,405.00. The budget as presented in the

School District report calls for the expenditure of only \$5,044 for pupils attending Appleton Academy, but members of the present eighth grade are at this time planning to attend other schools, one to Peterborough and two to Wilton. If all of the graduates of 1959 attend the Academy only \$5,405. would still be spent whereas under the present proposed budget \$6,072 would be spent. The acceptance of the article in the warrant would allow students presently attending other High Schools to continue, but would require graduates from this year's class to attend Appleton Academy. For this year a saving of some \$650 would be realized by the School District by accepting this flat fee and in future years probably if flat fee was accepted as much of a saving could be realized. If this flat fee is not accepted by the School District pupils would be accepted at the Academy at the regular state average rate of \$388. per pupil. If the flat fee is accepted, the Board is taking the position that transportation would still not have to be provided by the District.

Finance

The School Board's Budget calls for an appropriation of \$34,360.15 which is an increase of \$359.60 over the appropriation which was made last year. There are two major areas of increase that account for this change in the appropriation. The first is in the area of Teachers' Salaries. These increases are absolutely necessary to keep the salaries of teachers in Temple somewhere in line with salaries of teachers in this general area. At the present time Temple is paying its teachers an average salary which is just about the lowest in Supervisory Union No. 63. As far as state averages are concerned, teachers of Temple are receiving salaries in the lowest twenty-five percent of salaries paid throughout the entire state for women elementary teachers. There are two answers to the question—When are these increases going to stop? The first answer is that the increases will stop when increases for other teachers in the southern New Hampshire area stop and the second answer is that increases will stop when teachers who are being graduated from the Teachers' Colleges do not receive greater starting salaries than teachers of the previous year's graduating class. These two factors basically are the ones that make it necessary for salaries to be regularly increased in Temple. It is realized that the increase in this item of the budget is considerable but it is felt by the Board to be necessary. It should be noted that the most important factor in the successful education of children is the teacher. This means that the teacher takes priority over buildings, over equipment, over facilities. The teacher is the crux of good education. The other area of major in-

crease is that of tuition cost and the increase of Item #17 has been brought about due to the increase in the cost of secondary education in New Hampshire. For the coming year the State average which is being charged by Appleton Academy and Peterborough has been set at the State average of \$388, the tuition charge at Wilton at \$320. These are increases over the present year's tuition costs of \$21.00 per pupil for the first two schools and \$35.00 per pupil for the last mentioned school.

Several areas of decrease within the budget have been made by the School Board, thereby reducing the overall appropriation. In the area of Fuel, Item #12, a reduction to a more realistic level has resulted in a decrease of \$200. In the area of Repairs and Replacements, a reduction of \$200. has been made in the budget considering the fact that fewer expenses for furnace repairs will be necessary. In Item #16, Transportation, the decrease has been brought about by bringing into line the budgeted figure, with the contract costs for transportation.

Estimated income for the year 1959-60 is some \$1,100 less than is being received this year. There are two reasons for this. One reason is that the income estimated to be on hand at the end of this year is somewhat less than was actually on hand at the end of 1958. Another reason is that a smaller amount will be received from the State in "Foundation Aid" because of the fewer number of pupils that are in the Temple School.

Conclusion

I wish to thank the School Board and the staff for their very fine cooperation and assistance, especially during this past semester which has been rather difficult due to changing of teacher personnel, in continuing an effective and high quality education for children of Temple.

KENNETH A. SARGENT

Superintendent of Schools

SCHOOL LUNCH REPORT

Cash on Hand July 1, 1957		\$ 82.21
Receipts:		
Lunch Sales—Children	\$1,438.86	
Lunch Sales—Adults	88.50	\$ 1,527.36
Receipt of Reimbursements	379.67	
District Appropriation	115.04	
Misc. Cash Contributions	108.49	
Total Receipts		\$ 2,130.56
Available Total		\$ 2,212.77
Expenditures:		
Food	\$ 1,546.82	
Labor	552.00	
Equipment	9.63	
All Other	20.25	
Total Expenditures		\$ 2,128.70
Actual Cash Balance as of June 30, 1958		\$ 84.07
Estimated Value of Food on Hand as of June 30, 1958		\$ 35.00
Donations:		
Food	78.86	
All Other	6.00	
		\$ 84.86

I certify that the above information is true and correct; that the cash balance has been determined by actual count and/or verification of the checkbook balance; and that invoices and other pertinent records as required are on file to substantiate the School Lunch Program transactions.

Respectfully submitted,

DOROTHY J. BARBER

School Lunch Accountant

SCHOOL NURSE REPORT

Number of Visits of School Nurse to Temple Public School 11

Number of defects found by Doctor Cayward on his annual visit 10

Wax in Ears	2
Enlarged Tonsils and adenoids	6
Overweight	1
Cretinism	1

Number of defects found by Nurse:

Defective vision	4
Skin Conditions	2
Poor Posture	1
Defective Speech	1
Enlarged Tonsils	8

Special Activities conducted by Nurse:

- Records kept on each child for year.
- All children weighed and measured during the year.
- Vision tests done with forty-seven children.
- Assisted Dr. Cayward during his examinations.
- Notes sent to parents whose children had defects.
- Made arrangements for Dental Clinic to be held at school.
- Pre-school registration in May. Met all parents and discussed the health of the children with them.
- Attended the American Nurses Association Convention in Atlantic City in June as delegate and representative of the School Nurses in the State of New Hampshire. A week of lectures, most of which dealt with school nursing.

Communicable disease present during the year:

- Measles—two cases
- Many colds and sore throats.

Respectfully submitted,

SYBIL M. BEATHAM, R.N.
School Nurse

SCHOOL BOARD REPORT ON THE EXCLUSIVE CONTRACT STUDY

To the Citizens of Temple:

Your school board has investigated the possibility of entering into an exclusive contract to provide high school education to our children.

Peterborough School Board is interested in an exclusive contract. The tuition rate is the state average and the term of the contract may not exceed five years. The rate is set by prior policy of the board from which it may not depart. It is doubtful if the district would alter the policy.

Wilton School Board will accept high school students from Temple for the year 1959-1960 at the rate of \$320.00 per pupil.

The trustees of Appleton Academy appointed a committee consisting of Mrs. Edgar Leighton, Jr. of Temple, Mrs. Talbot Hood of Mason, Mr. Phillippe Alix and Mrs. Robert Phipps of Greenville, Mrs. Frederick Ransom of New Ipswich, Supt. Kenneth Sargent and Mr. Hjalmar Maki to make a study of the probable enrollments and determine the budget and the tuition rate.

The above committee, after four meetings, determined Temple's proportionate cost at \$5,405.00 and offered an exclusive contract at that figure for the school year 1959-60 to provide a high school education to those pupils already attending Appleton Academy and those pupils who will graduate from grade 8 in June, 1959. The committee felt that perhaps Temple would like to have the pupils who are attending other high schools to complete their education in these schools. Therefore, the contract excluded these pupils.

Should Temple decide to have all the high school pupils attend one high school, the committee agreed to accept the additional pupils at a figure not to exceed the average rate under the proposal.

The minimum number that probably will attend Appleton Academy is 14. It is very likely that it will be 16. If all now at Appleton Academy continue and all from the present grade 8 attend, the number will be 17. The average rates accordingly may be \$388, \$338, or \$315, depending on the number attending.

Your school board is submitting this report in the school district report so that you will have this information before your annual school district meeting.
